

Elective Surgery Phone Comparison Checklist

At Staring Plaza Veterinary Center, we strive to provide the best medical care possible. We know that as a pet owner, you want the best for your pet. Our elective surgeries, such as Spays, Neuters, and Declaws, have been set up to provide the safest and most pain free surgery possible. ***We also use absorbable sutures in most of our elective surgeries so you don't have to make an additional trip in for suture removal.*** We also know that you want to get the best value for your money. This chart has been provided to you so that when you are shopping around for surgery prices, you can make fair price comparisons between the different veterinary hospitals. Just put a checkmark in the appropriate boxes that each clinic provides. **Not all veterinary hospitals provide the same level of care.** The use of this chart will allow you to make a well informed decision.

Procedure: Spay / Neuter / Declaw

Patient: _____ **Approximate Weight:** _____ #
